# REPORT OF COUNCIL,

*To the Members, at the Annual General Meeting, Wednesday, February 23rd, 1881.*

## I. SESSION 1879–80.

### PUPILS AND FEES.

The entire number of Pupils during this Session was 1955, being an increase of 48 on that of the preceding Session. Of these Pupils, 1141 were Students in the College, and 814 Pupils in the School. Of the Students, 352 belonged to the Faculty of Medicine, 88 being new Students: in the Faculties of Arts and Laws and of Science there were 789 Students, 489 being new Students. The largest number of Boys in the School in any one Term was 667.

The Fees received (exclusive of those for Clinical Instruction) amounted to £33,743 17*s.* 0*d.*, being £1364 9*s.* 6*d.* more than in the Session 1878–79. This sum consists of the following items:—Fees for attendance on the Classes of the Faculty of Medicine, £6789 16*s.* 6*d.*; Fees for attendance on the Classes of the Faculties of Arts and Laws and of Science, £10,914 4*s.* 6*d.*; School Fees, £16,039 16*s.* 0*d.* The total payments to Professors, Teachers, and Masters amounted to £22,751 6*s.* 7*d.* In addition to the above-stated amounts, the sum of £2734 9*s.* was received for Clinical Instruction in the Hospital, making a total of £9524 5*s.* 6*d.* paid by Students of the Faculty of Medicine in the Session.

### SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

A covered Gymnasium has been erected at an expense of £1200, of which £800 was received by subscriptions. It appears to be of great advantage to the School.

The Juliana de Rothschild Prize of £20 for the candidate from the School who should obtain the highest place in the Honours Division at the June Examination for Matriculation in the University of London, was given originally by Mrs. Isaac Cohen in memory of her daughter, the late Baroness Mayer de Rothschild. Since Mrs. Cohen's death her daughter, Miss Lucy Cohen, has offered to continue giving the Prize from year to year. It was awarded last year to Charles Moritz, who gained the second place in the Honours Division.

At the Matriculation Examinations in the University of London both in 1879 and 1880, a considerable number of places in the Honours Division were gained by pupils of the School, including the second place on both occasions.

Sir Barrow Ellis has again offered a Prize of £5 for the encouragement of the study of Geography.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

| | 1st Term. | 2nd Term. | 3rd Term. | Average for the year. |
|---|---|---|---|---|
| 1875–76..... | 607 | 622 | 640 | 623 |
| 1876–77..... | 594 | 616 | 615 | 608 |
| 1877–78..... | 638 | 666 | 669 | 658 |
| 1878–79..... | 659 | 630 | 660 | 650 |
| 1879–80..... | 667 | 657 | 664 | 662 |

In the first Term of the present Session the number was 607.

From the Tables in the Vice-Master's Report it appears that out of a total of 814 boys, 104 were entered in the Black Book last Session the total number of entries being 145.

A list of distinctions lately obtained by former pupils of the School is placed at the end of the Report. This list is selected from a larger one compiled by the Vice-Master and prefixed to the "School Honour Lists."

---

## II. GENERAL FINANCES.

The surplus of receipts over expenditure for this Session was £746 16*s.* 11*d.*

This surplus has been applied by the Council to the reduction of the debt on the last addition to the South Wing from £1317 14*s.* 8*d.* to £570 17*s.* 9*d.*

---

## III. THE CURRENT SESSION.

The entries of Students to February 1st have been as follows:—In the Faculty of Medicine, 304, of whom 90 are new Students; in the Faculties of Arts and Laws and of Science, 687, of whom 398 are new Students: in the School, in Michaelmas Term, 607, of whom 93 were new pupils; in the present Term, 600, 75 being new pupils. Compared with the entries to the same date last year, these returns show a decrease of 16 in the Medical Classes, and an increase of 12 in the Arts, Laws, and Science Classes; in the School a decrease of 60 in the Michaelmas Term, and of 35 in the present Term.

The increase in the number of new Medical Students this Session is 23; in the number of new Students in the other Faculties 2.

The College Fees received to February 1st are £6500 11*s.* in the Faculty of Medicine, and £8070 16*s.* in the Faculties of Arts and Laws and of Science.

At the M.D. Examination the Gold Medal was awarded to Mr. G. C. Henderson.

The following are some of the distinctions gained by present and former Students of the School and College which have also been brought under the notice of the Secretary :—

In the University of Oxford, the Taylorian Exhibition in German has been awarded to *T. F. Althaus*, Scholar of Lincoln College.

In the University of Cambridge, a M'Mahon law scholarship at St. John's College, value £150 per annum and tenable for four years, has been awarded to Eldred John Brock Smith, B.A., Scholar of that College.

*John Ambrose Fleming*, B. A., of St John's College, has been appointed Demonstrater of Mechanism and applied Mechanics. He has obtained a First Class in the Natural Science Tripos, being noted as "Distinguished in Physics."

T. E. Scrutton has obtained the first place in the First Class in the Law Tripos.

## THE LATE LORD BELPER.

In the last Report mention was made of the retirement of Lord Belper from the Presidency of the College. His retirement was unhappily followed at no long interval by his death, which occurred on the 30th of June. His sons, the present Lord Belper and the Hon. Frederick Strutt, have presented to the College his portrait by Mr. Richmond, R.A., as a memorial of the deep interest he took in the welfare of the Institution, and his long connection with it.

The portrait, which is an excellent likeness, has been placed in the Council Room.

* Obtained the number of marks qualifying for the University Scholarship.

† Obtained the number of marks qualifying for a Gold Medal.

## MR. EDWARD ENFIELD.

At the meeting of Council on May 1st, the death of Mr. Enfield was reported. It is difficult adequately to express the loss which the College has sustained by this sad event; the following resolution was unanimously adopted by the Council.

> "The Council receive the intelligence of the death of their colleague, Mr. Enfield, with the feeling that in his loss they are deprived of the services of one who will be more often missed than any of those who have of recent years passed from among them, and who will be remembered by them with regard and gratitude second to that which they have entertained for none.
>
> "Mr. Enfield held, at the time of his death, three of the most important and laborious posts in the Governing Staff of the College. He had been for twenty-seven years a Member of the Hospital Committee, and for eleven years Treasurer of the Hospital. He had been for twenty-three years a Member of the Council. For thirteen years he was Chairman of its Committee of Management, and in 1878 he became President of the Senate.
>
> "In all these posts, and especially during his long tenure of the Treasurership of the Hospital and Chairmanship of the Management Committee, Mr. Enfield's great carefulness, tact, judgment, and experience were invaluable to University College. His gentle manner, and his truly exquisite modesty, were in him the ornament of a character of untiring patience and unfailing energy in benevolent and useful work.
>
> "The Council beg to tender to Mrs. Enfield and to the members of her family this heartfelt expression of their sympathy."

In remembrance of Mr. Enfield, a donation of £100 has been made by Mrs. Enfield and Mr. Ernest Enfield to the College Building Fund.

## MR. JAMES BOOTH, C.B.

The Council regret to announce the death of Mr. James Booth, who had been a most valuable Member of their body almost from the foundation of the College. He drew the original Bye-Laws of the College, and rendered important services in revising them after the College Act. Last year he contributed £500 to the New Wing.

## PROFESSOR SHARPEY.

In April last occurred the death of Professor Sharpey, who in 1874 resigned the Professorship of Anatomy and Physiology, which he had held for upwards of forty years.

Professor Sharpey, who gave the College a few years ago his physiological and anatomical library, which is a most valuable collection, bequeathed to it £800 Great Indian Peninsula Railway Stock, the interest of which is to be applied in augmentation of the income of the Sharpey Physiological Scholarship.

## DEATHS OF OTHER MEMBERS OF THE CORPORATION.

"The deaths of the following Members of the Corporation have been reported:—

Mr. William Brooke.
Right Hon. Stephen Cave.
Mr. William Chance.
Mr. Henry Pye Lewis Drew.
Dr. Frederick George Finch.
Professor W. B. Hodgson.
Dr. James Pearson Irvine.
Mr. Osman Ricardo.
Mr. William Andrew Shields.
Mr. Tom Taylor.

## RESIGNATION OF SIR CHARLES DILKE.

Owing to pressure of public business, Sir Charles Dilke found it necessary to resign his seat at the Council.

## TREASURERSHIP.

In June last Sir Julian Goldsmid was elected Treasurer of the College, in the place of the Right Hon. G. J. Goschen, who resigned the office on his departure from England as Ambassador to Constantinople.

## PROFESSORSHIPS.

At the suggestion of Professor Goodwin and of Professor Warr, of King's College, Mr. C. T. Newton, C.B., Keeper of the Classical Antiquities in the British Museum, was invited to give last Summer a course of lectures on Greek Sculpture and Painting. These lectures were supplemented by visits to the Museum, and were at- tended by nearly two hundred persons.

Encouraged by this success the Council determined to institute a Professorship of Archæology, and Mr. Newton was appointed Professor.

Professor Legros has been re-appointed to the Slade Professorship, and has arranged a practical Course of Lectures on Colours and other materials used in Painting to be given by Professor Graham in the Third Term. The Council take this opportunity of expressing their satisfaction at the success which has attended the Slade School of the College under the guidance of the present Professor.

The Chair of Applied Mathematics has been restored, and Professor Henrici has been appointed to it.

The vacancy thus caused in the Professorship of Mathematics has been filled by the appointment of Mr. R. C. Rowe, M.A., B.Sc., Fellow of Trinity College, Cambridge.

The Rev. A. J. Church, M.A., has been appointed Professor of Latin.

Owing to failure of health, Professor Volpe has found it necessary to resign the Chair of Italian, and has been succeeded by Signor Antonio Farinelli.

The Chair of Comparative Grammar, which since the death of Professor Key had remained unfilled, has been restored with the title of Comparative Philology, Mr. John Percival Postgate, M.A., Fellow of Trinity College, Cambridge, being appointed Professor.

The Council regret to report that Professor Jevons has resigned the Chair of Political Economy as from the end of the current Session.

The title of Professor of Clinical Medicine has been conferred on Professor Roberts.

Mr. Edward Arber, F.S.A., has been appointed Assistant Professor of English.

## EXTENSION OF THE BUILDING.

The extension of the building, to which reference was made in the last Report, is now approaching completion; the portions allotted to Fine Art and to Physiology having been fitted and ready for use at the opening of the present Session. They prove admirably adapted for their purpose. The fittings for the Departments of Chemistry and of Comparative Anatomy and Zoology are not yet in such an advanced state.

The Council are of opinion that the additional facilities for the practical teaching of Science and Art which the new rooms will afford will be of much service; but as a large part of the expenditure on this

work has not been met by donations, the income of the College will be seriously burthened in providing for the balance by borrowing, or will be diminished by the sale of some of the College funds, unless further contributions are received.

In the last Report it was stated that the cost of the New Building, including fittings, would be about £35,000, and the Council trust that this sum will not be exceeded. The subscriptions had then only just reached £20,000, and to this sum but little has been added during the past year.

On July 2nd a Meeting was held at the Mansion House and an influential Committee formed for the purpose of soliciting subscriptions in the City to the Building Fund. The Committee appointed Mr. Frederick Holding Lane to collect Subscriptions, and he has for some time been actively engaged in canvassing the principal City firms. The Council earnestly solicit the members of the College to assist them in raising the additional £15,000 which is so urgently required.

## DEPARTMENT OF ENGINEERING.

In the Council's Report issued in 1879 mention was made of an offer by the Gilchrist Trustees of Scholarships for the encouragement of the study of Engineering. These Scholarships have now been established.

## BARLOW LECTURES.

Twelve Lectures on Dante's 'Divina Commedia' will be be given after Easter by Professor Farinelli. The Lectures will be in Italian. They will be open to the public without payment or tickets.

## CAST OF THE HERMES OF PRAXITELES.

Mr. Marcet, one of the members of the Council, has again enriched the College with a rare and valuable cast from the Antique. He has presented a copy of the statue of Hermes recently discovered at Olympia.

## COMMON ROOMS.

The comfort of the male Students has been increased by the establishment of two common rooms for their use: hitherto, with the exception of those students who belonged to the Reading Room Society, the female students alone have had the use of a room of this description when not engaged in study.

## ADMISSION OF WOMEN.

The Council have every reason to be satisfied with the result of the steps which they have taken in this direction. The mixed classes work admirably, and there has been no complaint of any description as to what can no longer be called an experiment, but has now become one of the features of the Institution.

## THE LIBRARIES.

The principal donations of books during the past year were from the following:—Lords Commissioners of the Treasury and of the Admiralty, Secretary of State for India, Government of Ceylon, Geological Survey of Canada, Trustees of the British Museum, Local Government Board, Asiatic Society of Bengal, Societies of Antiquaries, of Arts, of Engineers, of Telegraph Engineers, Institutions of Civil Engineers, of Engineers and Shipbuilders in Scot-

land, Iron and Steel Institute, Royal Institute of British Architects the Obstetrical, Pathological, Pharmaceutical, and Royal Medical and Chirurgical Societies, the Birmingham Philosophical, New Shakspere, Philological, Physical, Royal, Royal Astronomical, Royal Cornwall Polytechnic, Royal Microscopical, Sanskrit Text, Statistical, Manchester Statistical, and Zoological Societies, Geologists' Association, Quekett Microscopical Club, Royal Institution, Smithsonian Institution, Accademia dei Lincei, Professors Bastian, Church, Corfield, Graham, Heath, Hunter, Jevons, Kennedy, B. Lewis, Marshall, Morley, Newton, Oliver, Ringer, G. C. Robertson, and Sanderson, Drs. Bristowe, Carpenter, Gowers, and Saundby, Mrs. Bagehot, T. Ely, H. W. Eve, R. J. Godlee, T. Key, W. H. Lindsay, F. Marcet, A. Prevost, S. Sharpe, W. S. Sonnenschein, A. C. Tupp, T. S. Wells, and W. Whitaker, Esqrs.

## PEEL MEMORIAL FUND.

The income of this Fund in 1880 was expended in the purchase of books &c. presented to the Bebside Mechanics' Institute, the Mechanics' Institute, Wakefield, and the St. Pancras Free Library.

## HOSPITAL.

The total receipts for the year ending 31st December, 1880, including legacies, were £18,369 9*s.* 7*d.*; the expenditure £20,522 4*s.* 7*d.*

At the end of the year the amount due to Bankers was £604 4*s.* 9*d.*; and to tradesmen about £4500.

In consequence of the lamented death, already alluded to, of Mr. Enfield, who was Treasurer of the Hospital, it became necessary to appoint a new Treasurer. Under the previously existing rules, the Treasurer appointed, as now, by the Council, became *ex officio* Chairman of the Hospital Committee. But as it might not always be in the power of the same person to devote sufficient time to both offices, it was, after careful consideration, resolved to separate the Treasurership from the Chairmanship of the Hospital Committee. A rule was accordingly framed empowering the Hospital Committee to elect their own Chairman every year, the Treasurer being entitled to preside at all General Meetings.

The Council appointed Mr. Augustus Prevost Treasurer of the Hospital, and the Committee elected Mr. J. C. C. McCaul their Chairman for the current year.

In memory of Mr. Enfield the Hospital Committee have, with the consent of his family, named the Children's Ward the "Edward Enfield Ward."

Since the issue of the last Report, Mr. J. W. Bond, M.B., B.S., has been appointed Resident Medical Officer in place of Dr. G. C. Henderson, resigned. Mr. Stanley Boyd, M.B., B.S., has also received the appointment of Surgical Registrar, *vice* Mr. A. Q. Silcock, resigned.

Sir Julian Goldsmid, Bart., in the unavoidable absence of Prince Leopold, presided at the Festival Dinner held on 11th March, 1880, on which occasion the amount subscribed was £1574. The Dinner for this year will be held at Willis's Rooms, on Friday, 20th May, when H.R.H. Prince Leopold, in fulfilment of a promise announced at the last Dinner, will preside.

The Committee of the Metropolitan Hospital Sunday Fund awarded to University College Hospital from their 1880 Collection £860, being £11 6*s.* 3*d.* less than the sum received in the previous year. The Committee of the Hospital Saturday Fund have also granted to this Hospital from the 1880 Collection £85 17*s.* 4*d.*
